Building websites for the users who ask me to do so such as

Student's Final year. Besides tens of other individual projects

One of my works was an E-commerce website to sell Suits.

Web Developer – Final year Project, IIUM, Malaysia

02/2019 to 09/2019

Final year project (FYP) is one of the biggest challenges that I had

due the tools that I used to build the website where I used

CodeIgniter Framework to complete it in very short time , and it

was my first own website using new tools such as CodeIgniter,

Internship:

Web Developer – George HealthCare, Malaysia

02/2020 to 08/2020

It is Internship period but I got lots of experiences where I built the main admin page for the company's website and I helped them to improve lots of features to make the website more attractive to users and helped the team to build the security for the website then worked on Front-End side where I helped to build the functions to get the data from the database.
